AMERICAN

17EF

Two iconic symbols—Lady Liberty and the American eagle—symbolize artistic expression and the great American story. Considered by many a masterpiece, the American Eagle Gold Coin features a rendition of the legendary artist Augustus Saint-Gaudens' Lady Liberty design based on the 1907 $20 gold piece, also known as the Double Eagle.

The American Eagle Silver Coin obverse features a rendition of Adolph A. Weinman's magnificent Walking Liberty design, prepared and executed for the half-dollar coin in 1916. Available with proof and uncirculated finishes, these coins represent our heritage, principles, and aspirations. They are treasured by collectors here and around the world.
